"The nail keg politicians have been busy," writes a country correspondent. We are accustomed to speak, somewhat lightly of "nail-keg politicians," but we should not speak too slightly of the corner-grocery discussions. Their influence does not stop with town nor even with State affairs. Many a man who has risen to prominence in national affairs and met and worsted masters of oratory in congressional debate, learned his first lesson in political debate in the country store. The successful politician is not always the man who studies the Congressional Record and reads the heavy editorials of party organs, but the one who keeps his ear close to the key-hole of the corner-grocery.

JORD WOLSELEY, in the famous Red River Expedition, found tea to be the best beverage for his army. The soldiers were always able to withstand harder toil and endure greater fatigue if given tea. You may not have the hardships of a Red River Expedition to endure, but with the every-day fatigue of life you will live longer and keep younger if you drink the highest grade tea. Chase & Sanborn import this extra high grade in lead bricks. Ask for it.

For Over Twenty Years,
Minard's Liniment Has Reigned in Mrs. Stearns' Home.

Mrs. C. A. Stearns resides in Wendell, Mass. She is a well-known teacher there in the public school. She is a woman of tender heart and a lovely disposition, and is held in high esteem by the people of Wendell for her admirable motherly way of presiding over her pupils. In a recent letter to the makers of this good old Liniment she says: "We have used the Liniment for years. Twenty-one years ago, when we came here, we asked for Minard's Liniment in the market town near by. It was not kept, but was sent for at our request, and we have obtained it there ever since." Nothing in the world but a very, very excellent remedy would ever have remained in Mrs. Stearns' home for so many years. Ninety-nine people out of every hundred that use this Liniment, who are relieved of pain and suffering, write the company the most grateful letters. Nothing in the world allays pain like Minard's. It's a true, tried, never-failing remedy.

MEDFORD, Jan. 6, 1902.
Received the sample bottle of Liniment, and used it for lameness and neuralgia, and am perfectly satisfied that it is the best Liniment I ever used. Shall recommend it to all of my friends.
Respectfully yours,
Mrs. C. A. STEARNS.
2 Tuttle Place, Medford, Mass.

If you get a bottle you will understand why everybody likes it. Twenty-five cents pays for a big bottle at all druggists.

NOW BUILD YOURSELF UP.

Your Blood Is Poor and Thin, Your Nerves Weak, You Are Run Down in Health.

Take Dr. Greene's Nervura, Best of All Spring Medicines, Most Wonderful Restorative and Strengthening Known to Science--Makes Pure Blood, Strong Nerves, Vigorous Bodies.

Spring finds you with thin, poor, impoverished blood, weak, relaxed, and unstrung nerves. You are without your usual strength, energy, and vim; you feel that you are out of order without being exactly sick. The cold wind seems to blow clear through you, a storm chills your marrow, and you perhaps have rheumatism, neuralgia, biliousness or kidney disease because of your disordered condition. You must take the best medicine to give you renewed strength and vitality, the best blood builder and purifier, the best nerve strengthener and invigorator. Dr. Greene's Nervura blood and nerve remedy is the best medicine in the world to do all this. It purifies and enriches the blood, feeds, strengthens, and invigorates the nerves--in fact, it makes the weak strong, the sick well, and will cure your stomach trouble, your biliousness, your kidney trouble, rheumatism, or neuralgia.

Dr. Orinda Kiser, 954 Reese Ave., Lima, Ohio, writes: "Many years ago I was unfortunate enough to lose my health, and while endeavoring to regain the same, gradually grew worse, until I became a complete wreck in every respect. My nervous system was entirely shattered, the nerves controlling the heart became weak and the heart's action irregular, which was a source of great alarm to me. I was unable to sleep, digestion speaking, I considered my time short for this earth. I became discouraged and gave up the thought of ever being a well man again. To-day I am a well man in every sense of the word, and all through the use of Dr. Greene's Nervura blood and nerve remedy, of which I am proud to speak and stand ready to give a helping word to suffering humanity. My health is my greatest blessing, and words fail to express the gratitude I feel for Dr. Greene and his wonderful remedy."

Take Dr. Greene's Nervura blood and nerve remedy now for your spring medicine. This grand remedy has the confidence of the people as no other remedy has, because it is the prescription of a regular physician. Dr. Greene, 34 Temple Place, Boston, Mass., who has the largest practice and makes the most cures of any physician in the world, and who can be consulted without charge by anybody, personally, or by writing about your case.

TONIKO-TEA
PURIFIES THE BLOOD.
A Clear Skin
can't be obtained by working from the outside. Muddy, sallow and florid complexions are due to the sort of nourishment given the skin; this comes from the blood and here is the place to correct it. Toilet applications and baths won't make a healthy skin. They work from without in, and the skin don't grow that way. Impure blood and the clogging up of the cells through which the skin gets its food are responsible for blemishes, blotches and pimples.
TONIKO-TEA by nourishing the blood, promoting the normal action of the liver, and inducing free natural evacuations of the bowels will give to your flesh the bloom of health, and the velvety and firm appearance so much sought for and which is indeed health.
A week's treatment will do this.
Sleep Much Better Nights.
So, LITCHFIELD, MAINE, Jan. 2, 1900.
Mrs. F. H. SLEEPER writes that she has been taking Toniko-Tea for some time and that her health has wonderfully improved, that her stomach and head do not trouble her as much and that she sleeps better nights, and her complexion is much clearer.
Saco, MAINE, January 15, 1900.
Dear Sir, My blood was in bad condition and I was troubled with pig's sty, which for a time bothered me very much. I had at one time two on one eyelid and one on the other. I tried everything I could think of to drive them away, but as one went another came. I purchased a package of Toniko-Tea and began taking it and before I had taken half the package the pig's styes had entirely disappeared and I have not been troubled at all since. My general health has also been greatly benefited. I can recommend your Toniko-Tea to all.
Yours very truly, Mrs. B. H. CUTLER.
Gentlemen, I wish to tell you that I have been cured of constipation of a number of years' standing by the use of your Toniko-Tea. When I commenced to take Toniko last April I was in very poor health, suffering with various troubles caused by poor blood. I do not suffer with headaches as I did before using your remedy and I am a great deal stronger. Yours respectfully, Mrs. H. B. FISHER.

In looking over the Audobon Societies in the United States, for the protection and birds we find twenty-four states and the Dist. of Columbia represented. Maine is the only New England state not having an Audobon Society. Why is this that she, abreast with other states in all good and educational works, should be in the background here? Surely there are bird lovers and students in the Pine Tree State to form a thriving society and such a thing would be a grand thing for the schools and young people at large.

EAST DENMARK.

Luck is against Him.

Henry Gustin seems to be having hard luck. As he was coming down a steep place at the foot of Pleasant mountain with a load of birch bolts, one day last week, the chain came off his sled runner and the load pushed so hard that it threw one horse out of the run with one leg against a tree and the sled ran on to it, breaking the leg so he had to kill it. Town Meeting Echoes.

Police officer—Arthur Bessey. Surveyors of wood and lumber—H. H. Cushman, G. Q. Perham, Frank R. Andrews, D. D. Fowley, Saxtons—Cullen Abbott, John Estes, S. B. Estes. Voted to allow fifteen cents per hour for men and horses on the highway. The amount raised is some \$600 less than was raised last year, which ought to make some difference in our taxes.

G. L. Cushman, who has held the office of selectman for the past seven years, six years as chairman, declined to serve this year, and W. H. Lurvey takes his place. Mr. Cushman has been a shrewd and successful business man and the satisfaction of leaving the town in good condition on retiring. F. P. Cole, whose efficient services as tax collector for the past few years have been duly appreciated by the town, also resigns his place, which B. E. Billings takes.

Mr. Billings is a popular young man and if he proves himself as shrewd in collecting taxes as he is in tracking a deer we need have no fears for the future.

Ladies' and Misses' Suits.

The Suit business has grown to large proportions [with us.] During 1901 we did about four times the business in this department that we did in 1900. We believe the reason for this great gain lies in the fact that our Suits, have the style, fit, workmanship and price that please the people. This season we are showing three times the Suits we did year ago. These are well selected and are guaranteed by us.

In connection with this department we have Dress and making rooms where we make anything in Ladies', Misses' and Children's Suits, Dresses, Skirts and Jackets to order.

From our large stock of Suits we select four popular and describe them just to give you an idea of the desirable goods we are showing.

\$12.50 SUITS made of Venetian in Black and colors. Jacket made similar to Eton, with a two-and-a-half-inch skirt neatly trimmed with satin band. Lined throughout with Taffeta silk. Skirt flounced with neat satin band. Notice how reasonable in price, \$12.50.

\$13.75 SUITS made of broadcloth in black and colors. Jacket has a two-and-a-half-inch skirt, seams finished with bands of stitched taffeta. Sleeve has a very pretty cuff, edged with taffeta. The skirt is flounced with taffeta stitched band. You should see this Suit at \$13.75.

\$15.00 SUITS made of black and gray pebble Claviot. Jacket has more collar. Bottom is finished with stitched moire in a very pretty design. Cuff of moire. Lined throughout with taffeta. Skirt has flounce, headed with moire band, and one-inch band running down the side breadths. We consider this a great bargain at \$15.
